Day 1
May 16, 2014
9:30AM—4:00PM

Comfort Zone Camps Volunteer Training

Sue Oppici & Chris Greim

Comfort Zone is a national non-profit bereavement camp that holds **free weekend camps** for kids 7-17 years of age who have lost a parent, sibling or primary caregiver.

Each camper is paired with a "big buddy" for the entire weekend, in an environment where they have traditional camp fun while acquiring tools to help with their loss through grief support. **Here's where you come in!**

CZC is looking for volunteer support group leaders, nurses and "big buddies." The Cape & Islands CIST is sponsoring this volunteer training to provide an opportunity for anyone to become trained and help out at CZC !

“ It's hard to tell my friends that I go to CZC because they just don't understand, they just don't "get it." Nobody understands, until I get to camp, where EVERYONE understands. ”
 - David, 17, Staten Island, NY

Cape & Islands CIST 2014 CISM Conference

Advanced Group Crisis Intervention

May 17-18, 2014 8:30AM-5:00PM
Instructor: Hayden A. Duggan, EdD
Linda Raposo, LMHC, PhD

Designed to provide participants with the latest information on critical incident stress management techniques and post-trauma syndromes. At the conclusion of this course, participants will have been exposed to specific, proven strategies to intervene with those suffering the ill effects of their exposure to trauma. Emphasis will be placed on advanced defusings and debriefings in complex situations.

The ICISF "Group Crisis Intervention" is a prerequisite for this course.

Hayden A. Duggan, EdD is the President and Founder of the On-Site Academy in Gardner, Mass, a residential trauma treatment and training program for Public Safety Personnel. He is the Team Clinician for the Boston Police Stress Support Unit CISM Team and is the Chief Psychologist for the Boston EMS Peer Support Team. He is an Instructor for the ICISF and an Adjunct Professor at Anna Maria College in Paxton, Mass. Linda Raposo, LMHC, PhD is the Clinical Director for the Cape & Islands CIST as well as Team Clinician for several other MPSN teams. She is a clinical supervisor and clinician for two different community mental health centers across the State. She has worked with Public Safety personnel for 10 years and spent several years working at the On-Site Academy as well as several public safety agencies throughout the State.

All courses are ICISF-Approved courses. You must attend both days of the course in order to receive an ICISF Certificate of Attendance.

Families and CISM: Developing a Comprehensive Program

May 17-18, 2014 8:30AM-5:00PM
Instructor: B. Anne Balboni
Psy.D, EMT I\C

Any given crisis can be contagious! Any person who is part of a family unit and who has been affected by a crisis, trauma, or disaster brings the crisis home to the members of the family. Family support services should be part of any truly integrated CISM program. Its absence clearly weakens the potential CISM effectiveness. This course is vital for CISM teams, emergency service professionals, their spouses, significant others, families, organizational leaders, mental health professionals and clergy to establish and maintain an essential family component to CISM network systems.

The ICISF "Group Crisis Intervention" is a prerequisite and "Individual Crisis Intervention and Peer Support is recommended.

B. Anne Balboni, Psy.D, is the state coordinator & clinical director of the state wide Rhode Island Critical Incident Stress Management TEAM, Inc. and has presented on crisis intervention topics internationally.

Dr. Balboni is a member of the Rhode Island Disaster Mental Health Task Force and her private practice includes CISM intervention, education & consultation with emergency service organizations, veteran's organizations, schools & industry. Anne is board certified in traumatic stress and a member of the Int'l Assoc. of Traumatic Stress Specialists.

Suicide Prevention, Intervention & Postvention

May 17-18, 2014 8:30AM-5:00PM
Instructor: Lt. Tom Greenhalgh

Why do people kill themselves? How do I ask someone if they feel suicidal? What do I do if they ARE suicidal? How do I deal with the strong emotions suicide generates? This course will provide the answers for these and other questions many crisis interventionists have about suicide. It will provide participants with basic information about suicide as well as help participants develop practical skills for prevention, intervention and postvention. Small group role plays will allow participants to apply suggested techniques as they are learned. This course is open to anyone who wishes to learn more about intervening across the suicide spectrum.

Lt Greenhalgh has been involved in the Public Safety field for more than 26 years. Currently he is employed as a Police Lt/Paramedic and has previously worked as a Firefighter/Paramedic. Tom is the co-director for the Greater Lowell CISM Team in Massachusetts, an ICISF approved trainer in multiple disciplines, and co-author of the Battle-field to Street: One Uniform to Another program.
